July 31, 2015

Dear Valued OkMRF Plan Participant,

We're pleased to announce that effective October 1, 2015, **monthly** recordkeeping services for the defined contribution plans for the Oklahoma Municipal Retirement Fund will begin transitioning to a **daily** recordkeeping platform with Voya Financial® – an industry leader in retirement services. This change is being made to help you manage your retirement plan account with more efficiency and continue in your retirement preparation.

**New plan features and services with our new Voya partnership will include:**

- A transactional participant website with access to robust tools and planning resources.
- Account access on mobile devices via the Voya Retire mobile app.
- The ability to transact daily with account information updated on a daily basis.
- Access to myOrangeMoney™, an online experience to help you understand your retirement income needs and where you stand today in real, everyday terms.
- New investment options to suit your needs – including target date funds. A full listing of the investment funds will be provided in the Transition Guide, which will be mailed to you in August.
- Access to personalized investment advice.
- A dedicated Information Line that participants can use to make transactions and speak to Customer Service Representatives, weekdays from 7 a.m. to 7 p.m. Central time.
- Ability to convert your account balance, upon retirement, to a lifetime annuity if desired.

Please note that you will not be required to take any action until after the transition is completed. The transition will take place automatically. For more important transition information, including a calendar of key dates and “quiet” periods (also known as black-out periods), please refer to the enclosed Sarbanes-Oxley notice. In late August, you'll receive a comprehensive Transition Guide with additional details.

We hope you share in our excitement about our partnership with Voya!

Regards,

The Oklahoma Municipal Retirement Fund Staff
